We would then like you to send copies of that resolution to Governor Jeb Bush, Senate President Tom Lee, Speaker of the House Allan Bense, your House and Senate members and a copy to the Florida League of Cities **no later than Friday, February 24, 2006.**

Also enclosed, is a list of addresses for the Governor, Senate President; Speaker of the House and a House and Senate directory with addresses for your legislators.

**A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF BRONSON, FLORIDA
SPECIFICALLY ADOPTING NEW POLICIES AND PROCEDURES FOR UTILITIES
BILLING, COLLECTION, DEPOSITS, DISCONNECTIONS; PROVIDING FOR
SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE**

WHEREAS, the Town Council of the Town of Bronson has the authority pursuant to Chapter 22, Section 22.1 of the Code of Ordinances to establish rates, charges, and deposits for services provided by the Town of Bronson.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN OF BRONSON, FLORIDA THAT:

Sec.22-3. Application for service, furnishing of easement, deposit

It shall be unlawful for any person to tap, cut, or in anyway use any line, branch or part of the water or sanitary sewer system, or utilities, in the town without a written permit issued by the town clerk and without the payment of all rates and charges and connection fees required by the town for the use of said utilities, or any one or more of them.

Meters shall be installed on the edge of public right-of-way only, unless the user grants the town an easement in which instance the extension of the water line from the public right-of-way to the meter shall additionally be at the user's expense.

The town clerk, or some person designated by the town council shall have authority to determine what type of service is to be rendered by the town to each consumer of the utility or utilities in this chapter.

Sec.22-3. Utilities bill – Defined.

LT1-2-480706-1

A utilities bill is defined as a monthly statement for water and sewer service, garbage collection, and any other service or materials that may be due and payable to the town and included in the utilities bill.

Sec.22-3. Due date; delinquency date; penalty.

LT2-1036-662-3

Utilities bills for all services are due and payable when rendered and are for services already received. Utility bills are billed on the 1st day of every month. Utilities bills are delinquent 15 days after billing date each month. To all bills not paid by the 15th day after billing at the close of business, there shall be added a 10% ten percent penalty for each connected service not paid. If the 15th of the month falls on a Saturday or Sunday, only payments collected from the payment drop box will be credited for the late penalties. All bills past due on the 16th of the month shall have a delinquent utilities bill mailed to them as a reminder of the past due balance. Failure to pay a delinquent utilities bill by the 20th day after billing date shall be cause for the town to discontinue the furnishing of all services as provided by this article or such part thereof as may be ordered by the town clerk. After utility services are discontinued for nonpayment of a delinquent bill, service shall be restored only after payment of the delinquent unpaid bill in full, penalty plus disconnect and reconnect charges for each service reconnected (this notice of penalty and discontinuance shall be shown on the utilities bill).

Notwithstanding anything contained in this chapter to the contrary, there shall be added a \$25.00 disconnect charge for each connected utility service not paid and disconnected and a \$25.00 reconnect fee, which charges shall be paid in full prior to reconnection.

Disconnect for nonpayment is defined as the time the utility person is dispatched to disconnect utility, not when this person arrives on scene for disconnect. It is not the responsibility of the person dispatched for disconnection to inform of utility disconnect. Utility person is not allowed to collect payments in the field and it is unlawful for any person to interfere with disconnection of service by utility person..

Customers who have a dispute over the amount of the utilities bill or complaint relevant to the payment of the said bill shall pay the same in full and shall be directed to contact the town clerk or the clerk's representative. The town clerk or designated representative is empowered to make such adjustments or arrangements with the customer as the town clerk or designated representative deems reasonable.

Payment of a utilities bill by check shall not be deemed made until the check given by the customer has been honored by the bank on which drawn, and any paid receipt given as a result of such check shall be deemed null and void upon the return of the dishonored check. The return of the dishonored check shall be good cause for the city to discontinue services as provided by this article and therefore to make the usual charge for reconnection. Any dishonored check used to pay an account disconnected for non-payment will be a cash only basis of payment and payment must be made in full before any service is restored.

The clerk shall make a charge equal to the maximum amount allowed under state law for the return of a dishonored check; a customer who has had three dishonored checks within a 6-month period shall be placed on a "cash only" basis.

It shall be unlawful for any person to apply for utility service in any name other than said person's true actual name as recorded upon a birth certificate or other legal document

This provision shall not prohibit the use of recognized sobriquets such as the substitution of "Bill" or "Billy" for "William" nor the use of firm names registered in compliance with the provisions of F.S. 865.09

Sec.22-3. Utility deposits or bond required; amounts; manner of payment.

(a) **Generally.** The utility deposits required in this chapter shall either be in cash or check deposited with the town, or a surety bond issued by a surety company authorized to do business in the state. The bonding company shall provide written notice to the city 30 days prior to cancellation of a bond. (c) **Hardship cases.** The required deposits shall be paid in full as provided by this chapter or in the cases of hardship the town clerk or person authorized by town clerk may accept one-half the required deposit upon application and the other half in equal installments over a period not to exceed three months.

Compliance with rules and regulations.

The rules, regulations and policies now established or hereafter established by the town council shall be applicable to the service of the utilities to consumers and shall be binding upon the consumers the same as if set out in full herein.

Payment of prior indebtedness.

The town clerk may withhold or discontinue water, sewer or garbage service under an application made by any member or agent of the family, household, organization or business unless all prior indebtedness to the town of such family, household, organization or business for such prior service has been paid in full.

Service outside city; liability.

- (a) The city may furnish water, sewer and garbage service to consumers outside its city limits where such sale is available and feasible.
